

# Creating Savings Account Action

## Created:

A screenshot of the Watson Assistant interface showing a list of actions. On the left, there is a sidebar with 'Actions' selected, and sub-options 'Created by you', 'Set by assistant', and 'Variables'. The main area displays a table of actions. The first action is named 'Savings', was last edited 'in 3 hours', has an 'Examples Count' of '1', and its status is 'Active' (indicated by a green checkmark). A 'New action +' button is in the top right corner.

Name	Last edited	Examples Count	Status
Savings	in 3 hours	1	Active

## Output screenshot for savings action:
